

The International Congress of BMT 2017

ICBMT201722nd Annual Congress of KSBMT**Welcome address**

Dear Colleague,

On behalf of the organizing committee, it is my great pleasure to invite you to The International Congress of BMT 2017 (ICBMT2017), hosted by The Korean Society of Blood and Marrow Transplantation (KSBMT) to be held August 24-26, 2017 in the Grand Hilton Hotel, Seoul, Korea.

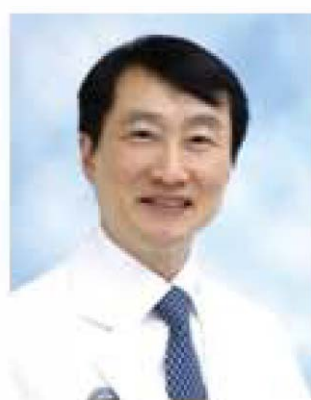

Since its establishment in 1996, KSBMT has endeavored to advance the field of hematopoietic stem cell transplantation (HSCT) in Korea. As a result, the field of HSCT has been rapidly growing in academia in Korea. ICBMT2017 will provide the unique opportunity to learn the recent findings and research from renowned experts as well as exchange experiences and information with colleagues for continued progress in this field.

The programs include stem cell biology, the various types of HSCT and donor selection, the management of GVHD and other complications through plenary lectures, scientific and education sessions. We also prepare to open 11 satellite symposiums with specialists in numerous HSCT-related topics.

I cordially invite all of you to take part in the wide variety of academic programs in Seoul, the vibrant 600 year old capital of Korea.

We look forward to seeing you in Seoul, Korea.

Sincerely yours,

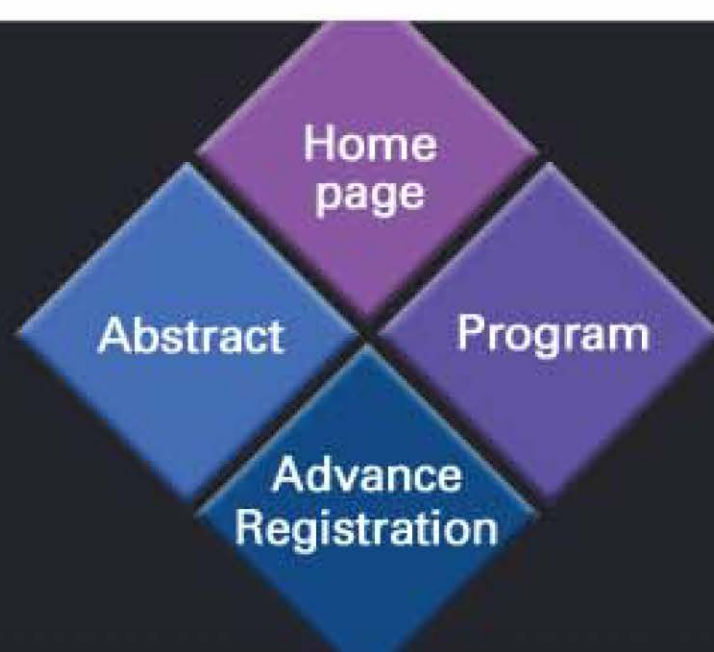

Chuhl Joo Lyu, MD, PhD.

Congress President, ICBMT2017
President, KSBMT

Jong Wook Lee, MD, PhD.
